## Edit an existing advertiser to update the advertiser details.

You may need to change the details for an advertiser from time to time, if the contact or email changes, or to update options regarding email-based reports, for example.

## Inventory > Advertisers

To edit an existing advertiser, go to **Inventory > Advertisers**:

The screenshot shows the Revive Ad Server interface. At the top, there's a navigation bar with 'Home', 'Statistics', 'Inventory' (highlighted), and 'My Account'. Below this is a sidebar menu with 'Advertisers' (highlighted), 'Campaigns', 'Banners', 'Websites', 'Zones', 'Targeting Channels', 'Direct Selection', 'User Access', and 'Video Ads - Player Info'. The main content area is titled 'Advertisers' and features a green notification bar stating 'Advertiser **Example Inc.** has been added, [add a campaign](#)'. Below the notification, there are two buttons: 'Add new advertiser' (with a plus icon) and 'Delete' (with a red X icon). A table below these buttons lists the advertiser 'Example Inc.' with a checkbox next to it.

## Advertiser properties

Click on the appropriate advertiser account name, This will take you to the **Advertiser properties** screen.

- Advertisers**
- Campaigns
- Banners
  
- Websites
- Zones
- Targeting Channels
  
- Direct Selection
